In Don Campbell's words: ".... this evening event will provide a convenient libation dispensing station that is practically guaranteed to promote camaraderie and spirited bidding at a fabulous silent auction of highly desirable donated stuff. This outstanding event with its 'bargain basement member price tag' is the kind of event that will most likely inspire minstrels to write poetry and sing songs for years and years into the future! Anyone who opts out of this event is doomed to live out their days carrying a heavy burden of "regret"!"
